I am unable to respond to your question about the reasons for decision. Since this determination was made at the highest level of Human Resources, there is no further level of review. I realize this is not the outcome you hoped for and wish you success in your job search.

Thank you for responding to my email.

What was the reason for decision? I am still confused as to the reasoning for this restriction. This decision was made in 2019 when I had to leave my full-time, 6th grade math teacher job due to health reasons. What can I do to address this issue?

Hello

I am a former middle school math teacher for the Lee County School District and had to leave due to health reasons in 2019. I would like to return to teaching, but I was informed that I am unable to work in the district. Can you please explain the reasoning behind this restriction. Thank you.
