Dear

Unfortunately, the Lee County School District retains the discretion to determine who is eligible to work within their schools and in roles involving children. These decisions are made in accordance with the district's internal policies and criteria.

If you would like to learn more about specific requirements they consider, I recommend contacting the district directly.

Best regards,

I'm confused... I thought I was an employee of Kelly Services. not the Lee County School District? If I passed the background check, then the LCSD can NOT prevent you from hiring me. What criteria did I not pass with the LCSD?
